1 Leo maintains a petty cash book using the imprest system. The imprest amount, which is $200, is restored on the first day of each month.

All payments of less than $100 are made from petty cash. All cash receipts of less than $100 are paid into petty cash.

On 1 April 2021 Leo had $48 in his petty cash box. Leo provided the following information for April 2021.

April	1	Restored petty cash imprest from the business bank account
	5	Paid for office cleaning, $21
	7	Paid for train ticket, $13
	13	Paid $72 to Hunter, a trade payable
	18	Paid taxi fare, $14
	25	Received cash, $11, from Conrad, a trade receivable

REQUIRED

(a) Prepare Leo's petty cash book for the month of April 2021, on **page 3**.

View solution

Balance the petty cash book and bring down the balance on 1 May 2021.

Tej sells to a small number of customers. He has good working relationships with them and they sometimes recommend him to potential customers.

Tej is concerned that his customers are taking a long time to pay him. He is considering charging interest on overdue accounts.

REQUIRED

(e) Advise Tej whether or not he should charge interest on overdue accounts. Justify your answer.

5 Kia is a trader.
The totals of the trial balance prepared on 30 April 2021 did not agree and the difference was placed in a suspense account.

Kia later discovered the errors shown in the table in part **(a)**.

REQUIRED

View solution

(a) Complete the following table to show the entries required to **correct each** error.
The first one has been completed as an example.

Error	Entries required to correct the error			
	Debit		Credit	
	Account	$	Account	$
Cash drawings, $200, had been omitted from the drawings account.	*Drawings*	*200*	*Suspense*	*200*
A petty cash book payment, $31, to Abel, a supplier, had been recorded in the column for office expenses.	.....	.....	.....	.....
	.....	.....	.....	.....
Sales returns, $105, had been correctly entered in the customer's account but had been credited to the purchases returns account.	.....	.....	.....	.....
	.....	.....	.....	.....
A payment for motor expenses, $72, had been recorded in the motor expenses account as $172.	.....	.....	.....	.....
	.....	.....	.....	.....
A purchase invoice, $102, from Abel, had been debited to Abel's account and credited to the purchases account.	.....	.....	.....	.....
	.....	.....	.....	.....

[9]

(b) Prepare the suspense account. Include the original difference on the trial balance, as a balancing figure.

View solution
